We use Putonghua as the medium of instruction. For morning classes, a daily English lesson is 50 minutes – with an additional English teacher to join English activities daily. For afternoon classes, a daily 60 minutes English lesson will be conducted by three English teachers. Activities are carried out in a rich language environment of Putonghua, English and Cantonese, providing children with a rich "biliterate and trilingual" environment and building a solid language foundation. To enhance the learning activities of afternoon classes, traditional Chinese cultural education, such as the traditional Three-Character

Book recitation and well-known Cantonese nursery rhymes, are taught to provide more opportunities for students to experience the essence of the traditional Chinese culture.
